

## Immunization Requirements 7<sup>th</sup> Grade Entry 2016-2017

To attend the 7<sup>th</sup> grade, a student *must have written proof* of receiving the following immunizations:

- ◆ **Tdap**
- ◆ **2 Measles, Mumps, Rubella (MMR)**
- ◆ **3 Hepatitis B**
- ◆ **2 Varicella (chickenpox)** – *history of disease is acceptable, a parent must sign the verification statement on the school immunization record.*
- ◆ **1 Meningococcal**
- ◆ **4 Polio** (3 doses, if 3<sup>rd</sup> dose was given on/after the 4<sup>th</sup> birthday)
- ◆ **2 Hepatitis A**
- ◆ **5 DTaP/DT** (4 doses of DTaP, if 4<sup>th</sup> dose given on/after the 4<sup>th</sup> birthday; 3 doses of Td, if starting series after age 7 years with a single dose of Tdap preferred as the first dose)

With the exception of Tdap and Meningococcal, a child may be allowed to attend school “conditionally” if at least one dose of each *required* immunization has been completed and the child is currently on schedule to receive the remaining immunizations. The remaining immunizations must be completed on schedule for the child to remain in attendance.

For children whose parents claim an exemption to immunization for medical, religious, or personal reasons, an appropriate Utah Department of Health Exemption form must be completed and presented to the child’s school and a copy kept in their cumulative file.

\*\* If you have previously submitted an exemption, that form is still valid. \*\*

For questions regarding your child’s immunization status, contact your child’s health care provider, your local health department or the Immunization Hotline 1-800-275-0659.

This may be copied and distributed.

Rev 01/2016

All immunizations must be completed and written proof submitted to the counseling center before the first day of school **OR YOUR STUDENT WILL NOT BE ABLE TO START THE CURRENT SCHOOL YEAR.** Please check with your physician to be sure your student's immunizations are up to date and bring in a copy for their permanent file.
