PRINCIPAL'S MESSAGE

Welcome back and Happy New Year! We look forward to the following months as students are well entrenched in their school work at this time and are progressing in their learning. The end of the second quarter (Jan 18) will bring new opportunities for many as we are on a semester schedule and elective courses for many will be changing. This year will be the first year for this schedule, so we are anxious to see how quickly everyone adjusts. Also new at the end of this quarter is electronic report cards. We will no longer send paper report cards home except for a final yearly report at the end of each year. You can visit our website to more fully understand the process of viewing and printing your student's grades from home. Thank you as we continue to move to a more environmentally friendly system.

Upcoming Registration Dates

Incoming 9th grade (current 8th grade)- Alta Counselors will be coming to IHMS on February 7th to pick up Course Registration Cards and meet with students for any questions. Please remember to have your students bring their cards to school this day for the Counselors to collect and go over with them!

Please go to Alta Counseling's website for scheduling information and updates:

<http://ahs.canyonsdistrict.org/counseling.html>, or you may call Alta directly at 801-826-5620, for any scheduling questions.

Important Dates for 8th Grade Students

Alta High School Advanced Academics Night

January 17, 2018 at 6:30 p.m. at Alta High School

Alta High School Freshman Orientation Night

January 24, 2018 at 6:00 p.m. at Alta High School

Canyons Technical Education Center Open House

January 31, 2016 from 4-8 p.m. at CTEC

2nd Semester

Reminder: We are on a semester schedule this year so all semester electives will be changing starting January 22nd. For 6th graders, please double check your schedules as your 3rd quarter CCA classes will be starting that same day.

As the semester is nearing, we have had several questions regarding class changes. Please note that many of the classes are full and thus there is limited opportunities for class changes. Please help to encourage your child to be successful in the current courses they are in.

Counselors in the Classroom

January

6th Grade – Effective Career Planning Resources

7th Grade – UtahFutures and Career Exploration (<http://utahfutures.org>)

Kindness Campaign

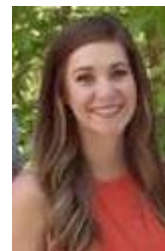

The next C for our 7 C's of Resilience this month is CONFIDENCE. Confidence comes from building real skills that parents and educators can teach and nurture. Confidence can be easily undermined, but also bolstered by tasks that push learners without making the goal feel unachievable.

Support Services

Since the counselors are often in the classroom or have scheduled meetings/appointments, they may not be available if you drop by. To better meet your needs by scheduling an appointment with your student's counselor, please call the Counseling Center at 801-826-7122 or contact the counselor directly:
