## PRINCIPAL'S MESSAGE

First quarter has ended and we are looking into the holiday season. As we continue through this year, it is important to remember that we will see many impactful possibilities in the near future. Canyons School District has a bond request on the 2017 ballot. We ask that you all get out and vote this election season. Indian Hills Middle School is currently the recipient of this community's belief in upgrading our educational facilities in the Canyons School District, and we are looking forward to our newly remodeled building in the 2018-2019 school year. I attend my weekly construction meeting and see the progress each week that the future students of Indian Hills will be enjoying in the very near future. It is this possibility that awaits not only IHMS students, but thousands of other students with your own vision of future possibilities. Please get out and vote.

# COUNSELORS' CORNER

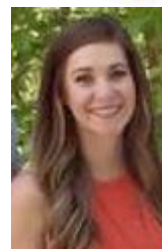

801-826-7120

Welcome to IHMS, where we are committed to creating a positive learning environment for every student. **To ensure our availability to help your student, please call the Counseling Center at 801-826-7120 to set up an appointment with your counselor.**

As the year begins, here are a few fun facts about your **new school counselor, Jacey Wickham**:

Mrs. Wickham is a new school counselor this year and is stoked to be a part of the Indian Hills counseling team! For fun, Mrs. Wickham loves anything outdoors and loves to play basketball and volleyball. She has a huge heart for students and is looking forward to working with the staff, students, and parents of IHMS this year!

## **Request for Volunteers**

Parents of 8<sup>th</sup> grade students – We are looking for parent volunteers to present a prepared Utah Scholars presentation. Time commitment for volunteering would be a 1-2 training in October (date TBD) and classroom presentations on Nov. 1<sup>st</sup> & 2<sup>nd</sup>. Please call the counseling center if you are available to volunteer.

## **Counselors in the Classroom**

September is going to be an exciting month with counselors in the classrooms! We will be visiting the 6<sup>th</sup> grade Social Studies classes to discuss Advice from the Experts on Middle School Success. Also, the counselors will be in the 7<sup>th</sup> grade Science classes for Minute Meetings to get to know your students.

## **First Generation College Students**

IHMS is working to identify first generation college students (neither parent having received a two- or four-year college degree), to provide information and support to students and parents regarding their postsecondary education. If your 8<sup>th</sup> grade student qualifies and you would like them to participate in college support activities at IHMS please go online to fill out a brief form, notifying the Counseling Center of your interest in participating: <https://goo.gl/forms/60adBZrA3is80PYx2>

If your student is **not** a first generation college student, please be aware that there will be many opportunities throughout the year for all students to participate in college and career readiness lessons and activities.
